CONTENTS VOLUME 26

Research Papers

Evaluation of mercury pathfinder techniques: base metal and uranium deposits
G.R. Carr, J.R. Wilmshurst and W.R. Ryall (North Ryde, N.S.W., Australia) 1

Geochemical patterns in the laterite profile at the Boddington gold deposit, Western Australia
R. Davy and M. El nsary (Perth, W.A., Australia) 119

Uranium in Dartmoor plants in southwest England
S. Bouda (Exeter, U.K.) 145

The importance of sulfur isotope ratios in the differentiation of Prudhoe Bay crude oils
E.T. Premuzic, J.S. Gaffney and B. Manowitz (Upton, NY, U.S.A.) 151

Biochemical studies of areas of sulphide mineralization in northern Greece
R.D. Reeves (Palmerston North, New Zealand), A.E. Kelepertsis (Athens, Greece), I. Andrulakis (Salonica, Greece) and L.F. Hill (Palmerston North, New Zealand) 161

The analysis of geological materials for fluorine, chlorine and sulphur using pyrohydrolysis and ion chromatography
G.E.M. Hall, A.I. MacLaurin and J. Vaive (Ottawa, Ont., Canada) 177

Book Reviews

Gold and Copper-Zinc Metallogeny Hemlo-Manitouwadge-Winston Lake Ontario, Canada, by R.H. McMillan and D.J. Robinson (Editors) - E.M. Cameron 187

Recommendations on Methods for Deep Lithochemical Surveys of Ore Deposits, by V.A. Bugro - A. Beus 188

Research Papers

Field and laboratory procedures for determining gold in natural waters: relative merits of preconcentration with activated charcoal
G.E.M.. Hall, J.E. Vaive and S.B. Ballantyne (Ottawa, Ont., Canada) 191

Particle size and abundance of gold in selected stream sediments, southern British Columbia, Canada
S. Day and K. Fletcher (Vancouver, B.C., Canada) 203

Thallium, a biogeochemical prospecting tool for gold
H.V. Warren and S.J. Horsky (Vancouver, B.C., Canada) 215

The geometric mean concentration ratio (GMCR) as an estimator of hydraulic effects in geochemical data for elements dispersed as heavy metals
D. Saxby and K. Fletcher (Vancouver, B.C., Canada) 223

The selective extraction of Pb and Zn in selected mineral and soil samples, application in geochemical exploration (Portugal)
E. Cardosa Fonseca (Aveiro, Portugal) and H. Martin (Louvain-la-Neuve, Belgium) 231

Biogeochemical exploration for gold at a site in the Cordillera Cantabrica, Spain
I. Valente (London, U.K.), M.J. Minski (Ascot, U.K.) and P.J. Peterson (London, U.K.) . 249

A fission track technique used for biogeochemical prospecting in northern India
N.P. Singh, M. Singh, S. Singh and H.S. Virk (Amritsar, India) 259

Biogeochemical studies at the Khetri copper deposits of Rajasthan, India
Y.D. Tiagi and N.C. Aery (Udaipur, India) 267

Memorial to Hubert W. Lakin (1907-1986)
H. McCarthy 275
